

Important Reminders

- ◆ Please ensure your child is provided with the necessary needs for school eg stationery, calculator etc. This will also discourage taking others stationery without permission.
- ◆ Discipline is paramount to success. We are to work together to guide our children in the right direction.
- ◆ A lot of hard work is required to uplift the results in all examinations. Teachers, students and parents need to work in collaboration to fulfill the school target for 2024.
- ◆ Numeracy, Literacy and Qiraat classes will commence in Week 4.
- ◆ Motivate your child for maximum action.
- ◆ **Transport Assistance**

Please ensure your child taps the card only for himself or herself. Double tap for others will reduce card balance, hence your child will suffer. Any issues with card redeem, please contact Admin Officer on phone 9244511 and landline- 6674746 .Students are requested to keep yellow cards for emergency purpose .

- ◆ Finally, I wish to thank all students and parents for having faith in this institution.

Changes in Year 9 Curriculum

The Year 9 Revised Secondary English Curriculum (RSEC) by the Fiji Program Support Facility (FPSF) and the Curriculum Development Unit (CDU) will be rolled out in phases in schools for Year 9 students in the 2024 academic year.

In order that all learners are assisted with reading and in particular to support reading difficulties, a special program, Special English Time (SET) will be devoted to English study. This Program will help our Year 9 students with reading, especially to those students who in particular have reading difficulties. A special program will be assigned to English studies. This will be experienced by all our Year 9 English students this year.

Role of Parents

Three main areas where parents can rather *should*, contribute are:

1. Being a role model for children to follow

It is the role of a parent to teach children discipline, responsibility, and accountability by setting limits, establishing consequences and also teaching values.

2. Helping the child in schoolwork

Every child's level of understanding is different. According to the child's needs, parents can assist them by revising with them what they've learnt at school, guiding them to do their home assignments and projects (and not do it for them), helping them maintain a healthy balance of studies and play, and rewarding their progress.

3. Creating a conducive learning environment at home

“Encourage and support your kids because they to live up to what you believe of them” One of the biggest gifts a parent can give their children is of their support and acceptance. Being positive, emotionally present, and reassuring when they fail can go a long way. An environment of love and openness that allows children to fail and learn can play a massive role in helping them inculcate curiosity and ensure their right development.

Rights And Duties Of Your Children

All the children have the following rights:

- ◆ Right to food, clothing, shelter, education, entertainment, good health and nutrition.

On the other hand, children should be dutiful and obedient to seniors and other dignified persons of the family and community. Children should always learn the good qualities and life skills needed for a better life.

Duties of children

While children have rights, they also have certain duties to perform. Some of their duties are:

- ◆ Respect their parents, teachers, elders and love youngsters.
- ◆ Pay attention to personal hygiene.
- ◆ Help people in need.
- ◆ Sharing things with others.
- ◆ Use polite language.
- ◆ Study, play, eat and sleep at the proper time.

PRINCIPAL'S ADDRESS

AssalamuAlaikum WaRahmatullahi WaBarkatohu

It is indeed an honour for me to communicate to all stakeholders through this newsletter.

We thank Allah (ST) for giving us this opportunity to publish this newsletter. It is through such newsletters that we are able to keep you informed of the developments of the school and the important events in our school calendar.

2024 Academic year started on a positive note and we thank almighty for keeping us safe.

We thank the Government of the day for assisting students with \$200 back to school assistance.

While majority students are well equipped with necessary stationery, we still encounter children with no calculators and stationery. This leads to stealing and brings about inconvenience to others. I humbly request parents to cooperate with us in fulfilling needs of their children. A courtesy reminder to parents to instill moral values and remind children on how to behave on the way to school, in school and upon returning home. Students are seen loitering in town, girls talking to boys etc. Photos are taken and sent to us or made viral which brings disrepute to you and the school. Parents are also welcome to come to school to discuss issues pertaining to their child.

A meeting will be called very soon where parents will be invited to this meeting to discuss school matters and the financial report. We wish all the students best of luck for the academic year 2024.
